

# Scottish Autism

## Inclusive Governance Project

Participant Information - Easy Read

## What is this about?

This is a project about how Scottish Autism makes decisions.

Scottish Autism's decisions affect things they do for staff and people they support.

Scottish Autism want to get better at including people they support in their decisions.

## Who are we?

Kabie

Yo

Leneh

Leo

We are all autistic.

We know a lot of other autistic people.

We want you to help us make Scottish Autism better at listening to everyone.

## What are we doing?

We are talking to people Scottish Autism supports.

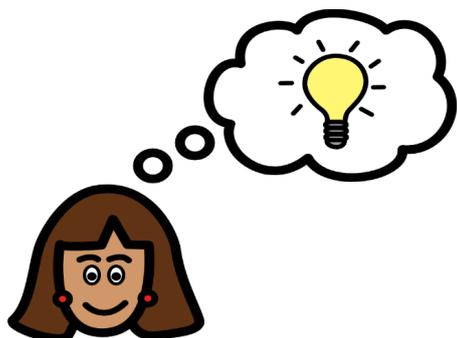

We are talking to people who work for Scottish Autism.

We are talking to autistic people who are not supported by Scottish Autism.

We are learning about what other groups do well.

We will use this to think of some ideas for what Scottish Autism can do better.

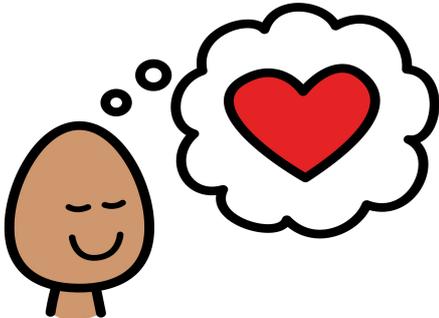

# How can I help?

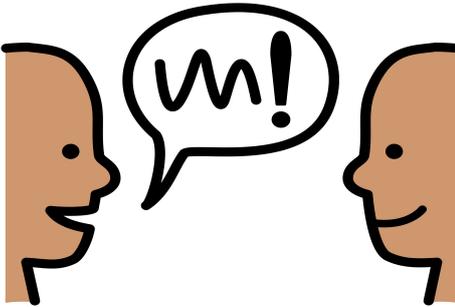

We want you to help us make Scottish Autism better at listening to everyone.

We want to ask you about your experience with Scottish Autism.

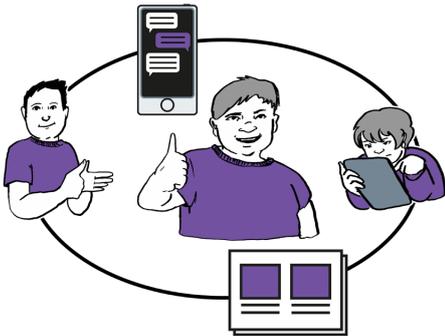

We want to know what you think Scottish Autism should do.

You can tell us in many ways.

You can talk.

You can write or type.

You can use signs.

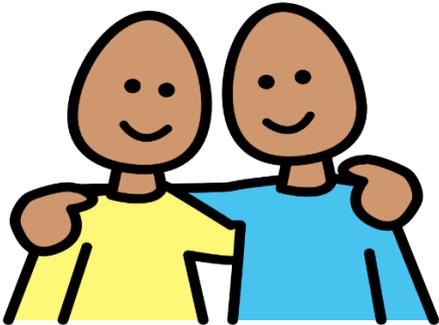

You can use pictures.

You can use another way.

**We will ask you some questions like:**

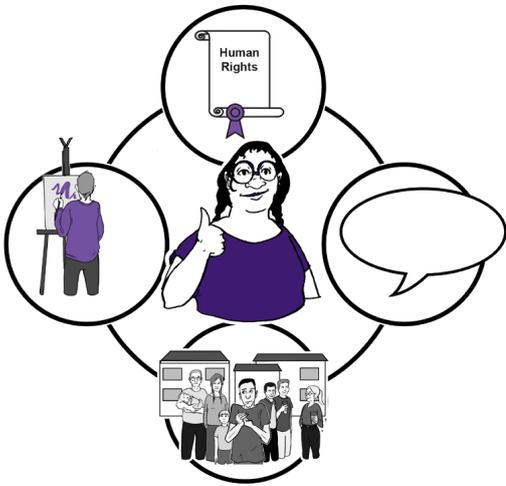

Do you choose how to spend your time?

Do you choose who to be with?

Do you choose who helps you?

Do the people who help you listen to you?

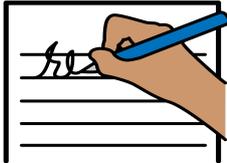

How can Scottish Autism listen to you better?

# What will we do with what you tell us?

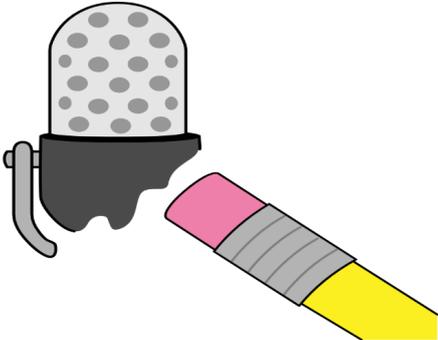

Scottish  
autism  
WHERE AUTISTIC PEOPLE  
ARE VALUED

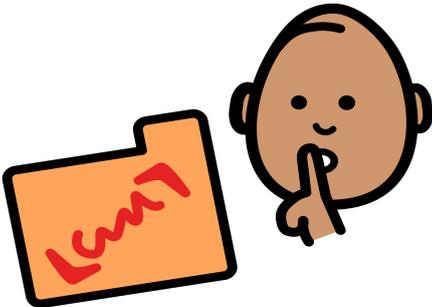

We will use what you tell us to make Scottish Autism better at including people like you in their decisions.

We will make a recording and write notes.

When we are done we will erase our records.

Only our team can see the recording. We will not tell Scottish Autism who says what.

## How to help

We want you to help us.

If you want to tell us what you think, you or your support can email us:

[inclusivegovernance@nationalautistictaskforce.org.uk](mailto:inclusivegovernance@nationalautistictaskforce.org.uk)

Or do our form:
